C. Reportable Period for Economic Substance purposes

The Reportable Period is the financial period to which the Notification relates that commenced on or after 1 January 2019. The end of the Reportable Period should correspond to the financial year end of the business, and the period that financial statements (if any) are prepared for. Licensees are required to include the "start" and "end" date of the relevant financial period as illustrated in the following examples:

A Licensee has a financial year that corresponds to the Gregorian calendar year:

Start date: 1 January 2019
End date: 31 December 2019

A Licensee is incorporated on 1 October 2019 and has a 31 March 2020 financial year end (short period of account):

Start date: 1 October 2019
End date: 31 March 2020

A Licensee is incorporated on 1 January 2019 and has a 31 March 2020 financial year end (long period of account):

Start date: 1 January 2019
End date: 31 March 2020

Following the first long period of account, the Licensee's subsequent Notification would cover the following Reportable Period:

Start date: 1 April 2020
End date: 31 March 2021

A Licensee incorporated on 1 July 2018 with a 30 June 2019 financial year end would not be required to submit a Notification for this period, as the Regulations apply to financial years commencing on / or after 1 January 2019. The first reportable period for such Licensee would be:

Start date: 1 July 2019
End date: 30 June 2020

The Reportable Period is always the financial period preceding the financial period in which the Notification is required to be submitted.
